Deputy Attorney General Wilder met with a Waterloo in an opium case this morning. A young half white, named Spencer, has been arrested for uttering and passing a forged check on manager Cunningham of the Anchor Saloon. The check purported to be signed by Mrs. Mary Gay of Mokuia, and was drawn on Bishop & Co. Manager Cunningham cashed the check and forwarded it to Mr. Lovejoy, the proprietor of the Anchor. Mr. Lovejoy in turn forwarded it to the bank where the forgery was discovered. Spencer was arrested and is now locked up.

## TO-NIGHT.

### Testimonial To Manager Plunkett.

The event which has occupied the most attention of musically inclined people is not the musical scale which has been unprofessionally pitchedforked into the middle of this week, but the event of events is the testimonial concert tendered to and to be given this evening at the Opera House, to Mr. M. L. M. Plunkett the genial and gentlemanly manager of the Misses Albu, the English canaries, and whose sweet voices will be heard on the boards here tonight for the last time. Mystic Lodge, No. 2, K. of P., had a very pleasant entertainment last evening at their Castle Hall, in celebration of the thirty first Pythian Period.

## "SO WOULD I!"

Chester Doyle's Latest.

If to keep up with the fashion  
You are asked to sing a song  
Would you do it?  
Yes we would—so would I.  
If upon some current topic  
You are asked to come out strong  
Would you do it?  
Yes we would—so would I.

Some think that restoration  
Is a horrid bore but I  
Like people with opinion  
That they are ready to stand by.  
If ever for your country's flag  
You are asked to die  
Would you do it?  
Yes we would—so would I.

When you meet a Honolulu girl  
You think would like to kiss  
Would you do it?  
Yes we would—so would I.  
If she lies and says  
Now don't you ever do a thing like this  
Would you do it?  
Yes we would—so would I.

They say a woman's No, I want,  
Is always meant for yes,  
That when she pouts and doubts about  
She wants one more caress.  
Now should she try the thing on you  
What then? Come give a guess  
Would you do it?  
Yes we would—so would I.

If to keep your situation  
You were asked to join the club  
Would you do it?  
Yes we would—so would I.  
If the league should come  
And with you seem inclined to fight  
Would you do it?  
Yes we would—so would I.

They want to run the blessed  
P. G. government they say,  
And Japs and Chinese take their part  
With many a rascal shout  
And in sarcastic tone should shout  
Oh! turn the rascals out  
Would you do it?  
No we wouldn't—nor would I.

### To Cure Toothache.

Toothache is a little thing in the books, says the Medical Record, but many physicians would rather meet a burglar at the door on a dark night than a call to cure a bad toothache of several days' continuance. A hypodermic of morphine only postpones the evil day, and usually the patient is respectfully referred to the dentist. The tooth should not be extracted while the jaw and gum are inflamed and the latter swollen, and it is the physician's duty to treat the case until the above conditions are removed.

Always keep a small phial containing the following mixture: Chloroform, gtt. x.; glycerine, gtt. x.; sat. sol. ac. carbol gtt. x.; morphine, gr. j., with a small wad of absorbent cotton. If the offending tooth has a cavity or decayed surface, saturate a small pellet of cotton with the above mixture and put into the cavity or against the decayed surface, as the case may be—never pack the cotton in, or the more is the trouble, but have the pellet small enough to enter without crowding. In most cases this will end the trouble.

When the gums are swollen and tender, paint two or three times, two minutes apart, with a per cent solution of cocaine. This time of year your patient may have been eating a good deal of fruit. The tongue and mucous membrane of the mouth are pale, he has a sour stomach, and next day the toothache will return. Give 10 grains of sub carbonate of bismuth and 10 grains of phenacetin at once, and a similar dose before each of the three following meals, with a laxative if needed, and stop all fruit for a few days, and it will not return. The same powder every two hours with cessation of eating will stop the persistent, tormenting neuralgias so prevalent at this season.
